Understanding Your Child's Learning Struggles

Our own Carol Brown, is an Educational Specialist and has started "The Academic Success Center of Kentucky". She will be hosting a seminar on **Saturday, May 1** beginning at **10:00am** at the **Boyle County Library**. Carol will explain how, as parents, there is something we can do when we see our child struggling to learn! By using the Student Success System therapy, your child can attain 4 years of cognitive gains and 2 years of academic gains in 60 hours of therapy. She will explain how learning is impacted by many elements: memory, attention, auditory and visual processing, logic and reasoning, comprehension, and reading. Your child's life can be transformed by giving them the skills to learn, read, and reach their full potential academically and in life. This seminar is open to the public. For more information, contact Carol at 859-613-2290 or kylencarol@hotmail.com
